

FAQs

Why was My Call Disconnected?

Our phone system has some built-in protections for witnesses and legal personnel to help prevent unwanted calls. If you do any of these things during your call, you could be disconnected.

DON'T

- Transfer or put the call on hold
- Use or answer call waiting
- Press extra numbers on the touch-tone keypad
- Stop your conversation for any length of time (a period of silence may cause a disconnect)
- Try to make any kind of 3-way call

Why are Calls to My Phone Number Blocked?

Calls to your phone number from a correctional facility may be restricted for many reasons. Here are a few:

Collect Call Restriction - Your local phone company may restrict collect calls. Call your local telephone company to have this restriction removed. Once this restriction is removed, it may take up to 72 hours for a collect call to go through.

New Telephone Number - If you have a new phone number, a restriction could be placed on your line. Simply provide us with the date you received your new number from your local telephone company, and Securus can remove the restriction.

Exceeded Your Spending Limit - If you have exceeded your account spending limit with Securus, calls to your line may be blocked. If you believe this is the case, please contact us at 1-800-844-6591.
